MESSAGE FROM OUR MANAGING DIRECTOR

With the ever expanding market in the marine industry and the demand for quality and efficient contracting services, Sea Ways Technical Services L.L.C. is one of the few established companies in this region having the resources and expertise to accomplish these jobs.

We take pleasure in introducing ourselves as one of the leading companies in the U.A.E. executing works in marine accommodation refurbishment, container conversions, insulation / lagging hot and cold, sheet metal cladding, thermal and acoustic insulation, decking and refractory lining works.

Our mission is to build and nurture lasting partnerships with our business associates, by providing better customer satisfaction and add value to their business operations. We believe we can achieve our mission through our honesty, sincerity and hard work.

Within a very short period of time, we have gained the confidence and trust of our prestigious and reputed clients. Credit for this achievement is due to our professional and qualified staffs who firmly believe that our clients come first. We always aim at exceeding expectations and complete job satisfaction. Repeated orders received from our clients is proof of their satisfaction in our commitment and quality services provided to them.

Our utmost priorities remain and will always be to attend to our customer's requirements, provide them with cost efficient solutions and execute the works allotted with quality workmanship in the most demanding and challenging circumstances, within the specified time.

It would be our pleasure to be one of your privileged contractors and establish a lasting business relationship with your organization.

We assure you of our prompt attention and best services at all times.

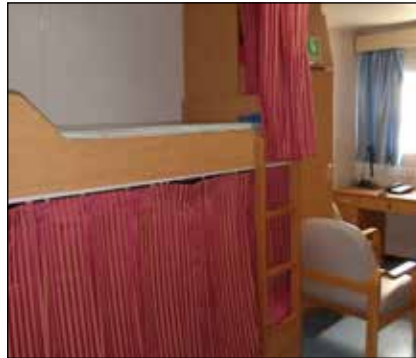

Best wishes,

Joe Fernandes

Managing Director

CARPENTRY

Our joinery workshop in our factory at Al Aweer specializes in quality furniture products and all manner of timber related products to meet our customer's individual needs. We pride ourselves with having the necessary expertise to manufacture, supply and install quality furniture in compact spaces in ships.

- Class approved Bulkhead and Deck head panels
- S.S Cold room panels & Toilet cubicles
